

HVAC INSTANT REBATE PROGRAM

PLUMBING, HEATING & AIR CONDITIONING

Choose high-efficiency equipment. Get an instant rebate.

As a PSE&G participating contractor, we can offer you instant rebates of **up to \$600** when you upgrade to a cost-effective, energy-efficient central or mini-split air conditioner unit, heat pump, or ENERGY STAR® certified smart thermostat through the HVAC Instant Rebate Program. Also, get instant rebates of **up to \$900** on a new gas water heater, furnace, boiler, or combi boiler system. Best of all, you may qualify for **up to \$15,000** in interest-free, on-bill repayment to help pay for your upgrades.

Enjoy instant rebates and long-term savings.

Heating and cooling can account for nearly half the energy you use at home. If your equipment is more than 10 years old, replacing it with ENERGY STAR certified models could shave 10%–30% off your annual energy costs.* When you work with us, you get access to **instant rebates from \$60 to \$900** on dozens of products. It's more affordable than ever to make the switch to a more energy-efficient system.

ELECTRIC EQUIPMENT MEASURES	INSTANT REBATE
